

Bringing Tennis to the Kids

KCTL Volunteer Committee

Kings County Tennis League has created a new Volunteer Committee as part of its mission to spark the potential of children living in and around Brooklyn public housing.

Volunteers will participate in this committee in order to:

- Share Ideas and Take Initiatives for Volunteer Engagement
- Share Ideas and Take Initiatives for Volunteer Recruitment
- Assist KCTL with Special Projects

Volunteer Engagement:

Our volunteers are amazing! They spend a lot of time both on and off the court serving the students of our communities. KCTL wants to make the volunteer experience a fruitful one. How can we better prepare our volunteers? What creative training methods might be more accommodating and engaging? How do we empower volunteers to take initiatives for their own benefit and enjoyment?

Volunteer Recruitment:

KCTL is growing! We always need more volunteers both on and off the court. New volunteers arrive via word-of-mouth. Our volunteers know best about what attracted them to KCTL. How else can they assist in the recruitment process?

Special Projects:

KCTL has special projects that are either pre-planned or come up unexpectedly. These scenarios tend to require the involvement of non-staff. We would like to call upon the volunteers of our committee to assist us accordingly.

We look forward to a successful Volunteer Committee for years to come.

If you have any questions about KCTL's Volunteer Committee, please contact our KCTL Co-Program Managers:
